

# CITY OF SIMI VALLEY

## “No Parking” Signs

Filmmakers must notify residents or businesses that may be impacted by filmmaking activities **within 72 hours** of proposed filming as identified by the City's filming staff, prior to the issuance of a Location Filming Permit. Impacted properties include those affected by any one or more of the following:

- Temporary Parking Requests
- Temporary Street Closures
- Outdoor Lighting
- Exterior Noise

If temporary “No Parking” signs are requested, either the City can post signs or the applicant can post. Only official City signs may be used and signs posted by the applicant will be verified by City staff.

Furthermore, map submittal identifying the placement of “No Parking” signs must be included with the application filing.

If you are unsure of whether your filming requires notifications, please contact Customer Services at (805) 583-6736.

All Location Filming Permit Fees are updated on July 1 of each year.
