*SIMI VALLEY COMMUNITY  
DEVELOPMENT AGENCY*

*2008-2009  
ANNUAL REPORT*

**CITY OF SIMI VALLEY  
MEMORANDUM**

December 7, 2009

**TO:** Board of Directors, Simi Valley Community Development Agency

**FROM:** Office of the Executive Director

**SUBJECT:** APPROVAL OF THE SIMI VALLEY COMMUNITY DEVELOPMENT AGENCY ANNUAL REPORT FOR FY 2008-09

**RECOMMENDATION**

It is recommended that the Agency Board approve the attached FY 2008-09 Community Development Agency Annual Report for transmittal to the State Controller's Office.

**BACKGROUND AND OVERVIEW**

**California Health and Safety Code Section 33080 requires the Community Development Agency (Agency) to prepare an annual report regarding certain Agency activities and submit a copy of the report to the State Controller's Office within six months of the close of the fiscal year. The Agency Board is being requested to review and approve the attached report for submittal to the State Controller's Office.**

An annual report has been approved and submitted to the State Controller's Office in accordance with the California Health and Safety Code since the Agency was formed in 1974. The annual report is required to contain the following:

1. A work program for the current fiscal year;
2. Previous year accomplishments in the form of a Blight Elimination Report;
3. Legislative recommendations necessary to properly implement a program of housing and community development;
4. A report on the Low- and Moderate-Income Housing Fund revenues and any excess surplus revenue that may exist;
5. An independent financial report.

## FINDINGS AND ALTERNATIVES

### Work Program for FY 2009-10

The following is a work program identifying tasks to be completed during the period of July 1, 2009 through June 30, 2010:

- A. The Agency will continue the implementation of the Development Plans for the Merged Tapo Canyon and West End Community Development Project Area.
- B. The Agency will continue to aggressively market the City of Simi Valley and assist industrial and commercial companies locating to Simi Valley to increase employment opportunities.
- C. The Agency will continue revitalization efforts on Tapo Street, including funding of the Tapo Street Façade Renovation Program; monitoring construction of the multi-family, mixed-use project located at the northwest corner of Tapo Street and Eileen Street; and working to encourage development and redevelopment within the Tapo Area Planning Overlay Zone.
- D. The Agency will continue revitalization efforts on Los Angeles Avenue, including funding of the Los Angeles Façade Renovation Program; facilitating the continued redevelopment of Mountain Gate Plaza; and working to encourage development and redevelopment within the Los Angeles Avenue Planning Overlay Zone.
- E. The Agency will provide affordable housing opportunities by the continued inducement of affordable multi-family and single-family residential projects utilizing taxable and tax-exempt financing methods and direct application of the Low- and Moderate-Income Housing Fund.

### FY 2008-09 Accomplishments (Blight Elimination Progress Report)

In FY 2008-09, Agency representatives met with various retail and restaurant representatives regarding several possible locations in the community. Agency staff also met with several corporations interested in relocating facilities to Simi Valley. As a result, the Agency was successful in bringing new businesses to the community that provided 165 additional employment opportunities. The Agency continued to coordinate efforts with the owner of the properties within the Simi Valley Town Center Specific Plan area.

During the fiscal year, the Agency worked in concert with the property owners in the Los Angeles Avenue and Tapo Street revitalization areas to eliminate blight through the Agency's improvement efforts. The Agency continued to realize success with the Los Angeles Avenue and Tapo Street Façade Renovations Programs by assisting six participating property owners.

### Recommendations for Needed Legislation

It is recommended that any legislation initiated that would impair the Agency's ability to issue taxable or tax-exempt bonds or the capability of the Agency to enter into Disposition and Development Agreements be strenuously opposed. Additionally, legislation to further restrict

the usage of eminent domain, beyond the current limits, should be opposed. The Agency recognizes the concerns redevelopment activities may raise and that legislative efforts are attempting to mitigate these concerns. However, the Agency suggests these concerns be addressed by means other than legislation. Further, the Agency strongly opposes any additional reductions or takings of tax increment revenues through state actions, which will further cause a significant negative impact on the Agency's ability to issue bonds and fund programs to eliminate blight.

### Housing Fund

State Redevelopment Law requires twenty percent (20%) of tax increment revenue to be set aside in a Low- and Moderate-Income Housing Fund. During FY 2008-09, \$4,271,965 in tax increment revenue (\$4,256,384 from the Merged Tapo Canyon and West End redevelopment area; \$15,581 from the Madera-Royale redevelopment area) was placed in the consolidated Housing Fund, sometimes referred to as the "Housing Set-Aside Fund."

Section 33080.7 of the California Health and Safety Code requires that the Agency determine whether excess surplus funds exist in the Low- and Moderate-Income Housing Fund at the beginning of each fiscal year. Excess surplus is defined as any unexpended and unencumbered amount of money within the Agency's Low- and Moderate-Income Housing Fund that exceeds the greater of \$1,000,000 or the aggregate amount deposited into the Fund during the previous four years. If excess funds exist, the amount must be identified in the Agency's Annual Report and must be expended or encumbered within five years. **Calculations have determined that no excess surplus exists** (refer to page 166).

The Agency assisted homebuyers during the year with the City's First-Time Homebuyer Assistance Program. Four low-income and two moderate-income households were provided a total of \$677,577 in down payment assistance through the Program; \$669,675 was funded by the Housing Set-Aside Fund, and \$7,902 in soft costs were funded by the Local Housing Fund. In addition, \$350,000 of the Housing Set-Aside Fund assisted qualified homebuyers to purchase five units within Paseo de las Flores, a 36-unit senior condominium project. Furthermore, \$272,000 of the Housing Set-Aside Fund was utilized to assist in the Habitat for Humanity Project that provided down payment assistance to three very low-income households for the purchase of single-family homes. Finally, the senior component of Haven at Tapo Street, a 36-unit rental project, of which 35 units are restricted for seniors (26 very low- and 9 low-income), was completed. The Agency purchased the land for this project for \$3.1 million and subsequently sold it to the developer for \$3.4 million.

The Agency continues to work with developers to complete the following projects:

- Palmdale 47<sup>th</sup>, LLC has acquired the Larwin project, a 66-unit condominium project called Savannah, which will offer seven affordable units. Rough grading was previously completed, and the project's new owner has requested a time extension of the project's allocation grants to April 4, 2013.
- Simi Valley Investment Company, LLC a 38-unit project called Spanish Villas at the Park, offers four affordable units for purchase. Building permits were issued, and construction commenced, but has been delayed until economic conditions improve.

- Casden, a 266-unit residential unit project, offers a total of 67 affordable units (27 units for low-income seniors and 40 units for low-income first-time homebuyers) for purchase. This project was approved by the City Council in FY 2007-08. The developer is proceeding with fulfilling the requirements for the design and construction of the off-site storm drain system and coordinating those efforts with the County of Ventura and the City of Simi Valley before submitting the final map and on-site improvement plans for plan-checking.
- Many Mansions, an eight-unit project to acquire and rehabilitate the La Rahada Apartments, offers all eight units for extremely low-income, chronically mentally disabled, homeless individuals. It is expected that this project will be completed and occupied by the end of the 2<sup>nd</sup> quarter of FY 2009-10.
- Humkar, a 16-unit townhome project, offers three affordable units for purchase. Final map and improvements will be submitted to the City when economic conditions improve.

During FY 2008-09, the Agency completed four home rehabilitation projects at a total cost of \$60,000, of which \$40,000 was funded by the Housing Set-Aside Fund and \$20,000 was funded by the Local Housing Fund.

The City's Senior Rent Subsidy Program, which is designed to assist seniors on the waiting list for federal Section 8 rental subsidies, assisted an average of 41 senior households on a monthly basis. Total funds expended during FY 2008-09 for this program were \$281,600. In addition, the Agency provided monthly rental assistance for an average of 36 very low- and low-income senior households living in mobile home parks within the City. The Mobile Home Rent Subsidy for Seniors Program expended a total of \$13,706 in FY 2008-09.

The Agency also provided funding in FY 2008-09 for the Security Deposit Assistance Program and the Eviction Prevention Assistance Program, administered by Community Action of Ventura County. These two programs assist very low- and low-income households, or those that are homeless and lack the funds, to secure housing. A total of seven applicants received assistance from each of these programs, for a total expenditure for the year of \$12,519. The programs were modified during the year to change the assistance from loans to grants, incorporate financial education, limit the number of times a household may utilize the programs, and require the City to perform health and safety inspections when financial assistance is given to room rentals within a single-family residence.

### Independent Financial Report

The certified public accounting firm of Lance, Soll & Lunghard, LLP has prepared the Independent Financial Report on the Agency. This report is attached to and made a part of the Annual Report for transmittal to the State Controller's Office.

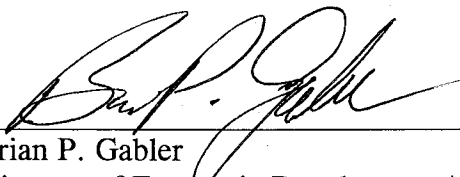

The following alternatives are available to the Agency Board:

1. Approve the attached FY 2008-09 Community Development Agency Annual Report for transmittal to the State Controller's Office;
2. Modify and approve the attached Annual Report for transmittal to the State Controller's Office;
3. Provide staff with further direction.

Staff recommends Alternative No. 1.

### **SUMMARY**

The Agency is required by law to transmit an annual report to the State Controller's Office regarding Agency activities. **Transfers-In from other internal funds: Report the amount of transferred funds on applicable HCD-A, lines 3a-j. For example, report the amount transferred from the Debt Service Fund to the Housing Fund for the deposit of the required set-aside percentage/amount by reporting gross tax increment on HCD-A, Line 3a(1) and report the Housing Fund's share of expenditures for debt service on HCD-C, Line 4c. Other Sources: Non-GAAP (Generally Acceptable Accounting Principles) revenues such as from land sales for those agencies using the Land Held for Resale method to record land sales should be reported on HCD-A Line 3d. Housing fund receipts for the repayment of loan principal should be included on HCD-A Line 3h.

**Project Area Housing Fund Revenues and Other Sources**

3. Report all revenues and other sources of funds from this project area which accrued to the Housing Fund over the reporting year. Any income related to agency-assisted housing located outside the project area(s) should be reported as "Other Revenue" on Line 3j. (of this Schedule A), if this project area is named as beneficiary in the authorizing resolution. Any other revenue sources not reported on lines 3a.-3i., should also be reported on Line 3j.

Enter on Line 3a(1) the full 100% of gross Tax Increment allocated prior to applicable pass through of funds and deductions for fees (refer to Sections 33401, 33446, & 33676). Compute the required minimum percentage (%) of gross Tax Increment and enter the amount on Line 3a(2)(A) or 3a(2)(B). Next, report the amount of Tax Increment set-aside before any exemption and/or deferral (if amount set-aside is less than required minimum (%), explain the difference). If any amount of Tax Increment was exempted or deferred, in addition to completing lines 3a(4) and/or 3a(5), complete Line 4 and/or Line 5. To determine the amount of Tax Increment deposited to the Housing Fund [Line 3a(6)], subtract allowable amounts exempted [Line 3a(4)] or deferred [Line 3a(5)] from the actual amount allocated to the Housing Fund [Line 3a(3)].

a. Tax Increment:

(1) 100% of Gross Allocation: \$ 21,281,921

(2) Calculate only 1 set-aside amount: either (A) or (B) below:

(A) 20% required by 33334.2 (Line 3a(1) x 20%): \$ 4,256,384

(B) 30% required by 33333.10(g) (Line 3a(1) x 30%): \$ \_\_\_\_\_  
(Senate Bill 211, Chapter 741, Statutes of 2001)

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

**Transfers-In from other internal funds: Report the amount of transferred funds on applicable HCD-A, lines 3a-j. For example, report the amount transferred from the Debt Service Fund to the Housing Fund for the deposit of the required set-aside percentage/amount by reporting gross tax increment on HCD-A, Line 3a(1) and report the Housing Fund's share of expenditures for debt service on HCD-C, Line 4c. Other Sources: Non-GAAP (Generally Acceptable Accounting Principles) revenues such as from land sales for those agencies using the Land Held for Resale method to record land sales should be reported on HCD-A Line 3d. Housing fund receipts for the repayment of loan principal should be included on HCD-A Line 3h.

**Project Area Housing Fund Revenues and Other Sources**

3. Report all revenues and other sources of funds from this project area which accrued to the Housing Fund over the reporting year. Any income related to agency-assisted housing located outside the project area(s) should be reported as "Other Revenue" on Line 3j. Next, report the amount of Tax Increment set-aside before any exemption and/or deferral (if amount set-aside is less than required minimum (%), explain the difference). If any amount of Tax Increment was exempted or deferred, in addition to completing lines 3a(4) and/or 3a(5), complete Line 4 and/or Line 5. To determine the amount of Tax Increment deposited to the Housing Fund [Line 3a(6)], subtract allowable amounts exempted [Line 3a(4)] or deferred [Line 3a(5)] from the actual amount allocated to the Housing Fund [Line 3a(3)].

a. Tax Increment:

**Excess Surplus Information**

Pursuant to Section 33080.7 and Section 33334.12(g)(1), report on Excess Surplus that is required to be determined on the first day of a fiscal year. Excess Surplus exists when the Adjusted Balance exceeds the greater of: (1) \$1,000,000 or (2) the aggregate amount of tax increment deposited to the Housing Fund during the prior four fiscal years. Section 33334.12(g)(3)(A) and (B) provide that the Unencumbered Balance can be adjusted for: (1) any remaining revenue generated in the reporting year from unspent debt proceeds and (2) if the land was disposed of during the reporting year to develop affordable housing, the difference between the fair market value of land and the value received.

The Unencumbered Balance is calculated by subtracting encumbrances from Net Resources Available. "Encumbrances" are funds reserved and committed pursuant to a legally enforceable contract or agreement for expenditure for authorized redevelopment housing activities [Section 33334.12(g)(2)].

For Excess Surplus calculation purposes, carry over the prior year's HCD Schedule C Adjusted Balance as the Adjusted Balance on the first day of the reporting fiscal year. Determine which is larger: (1) \$1 million or (2) the total of tax increment deposited over the prior four years. Subtract the largest amount from the Adjusted Balance and, if positive, report the amount as Excess Surplus.

10. **Excess Surplus:**

In addition, HCD may select various projects to receive the Director's Award for Housing Excellence. Projects may be selected based on criteria such as local affordable housing need(s) met, resources utilized, barriers overcome, and project innovation/complexity, etc.

Project achievement information should only be submitted for one affordable residential project that was completed within the reporting year as evidenced by a Certificate of Occupancy. The project must not have been previously reported as an achievement.

*To publish agencies’ achievements in a standard format, please complete information for each underlined category below addressing suggested topics in a narrative format that does not exceed two pages (see example, next page). In addition to submitting information with other HCD forms to the State Controller, please submit achievement information on a 3.5 inch diskette and identify the software type and version. For convenience, the diskette can be separately mailed to: HCD Policy Division, 1800 3<sup>rd</sup> Street, Sacramento, CA 95814 or data can be emailed by attaching the file and sending it to: [rlevy@hcd.ca.gov](mailto:rlevy@hcd.ca.gov).*

### Description

During the reporting year, construction of 12 homes was completed. \_\_\_\_\_ Enterprises, which specializes in community self-help projects, was the developer, assisting 12 families in the construction of their new homes. The homes took 10 months to build. The families' work on the homes was converted into "sweat equity" valued at \$15,000. The first mortgage was from CHFA. Families were also given an affordable second mortgage. The second and third mortgage loans were funded by LMIHF and HOME funds.

### History

The \_\_\_\_\_ (City or County) of \_\_\_\_\_ struggled for several years over what to do about the \_\_\_\_\_ area. The \_\_\_\_\_ tried to encourage development in the area by rezoning a large portion of the area for multi-family use, and twice attempted to create improvement districts. None of these efforts were successful and the area continued to deteriorate, sparking growing concern among city officials and residents. At the point that the Redevelopment Agency became involved, there was significant ill will between the residents of the \_\_\_\_\_ and the (City or County). The \_\_\_\_\_ introduced the project in \_\_\_\_\_ with discussions of how the Agency could become involved in improving the blighted residential neighborhood centering on \_\_\_\_\_. This area is in the core area of town and was developed with disproportionately narrow, deep lots, based on a subdivision plat laid in 1950. Residents built their homes on the street frontages of \_\_\_\_\_ and \_\_\_\_\_ leaving large back-lot areas that were landlocked and unsuitable for development, having no access to either avenue. The Agency worked with 24 property owners to purchase portions of their properties. Over several years, the Agency purchased enough property to complete a tract map creating access and lots for building. Other non-profits have created an additional twelve affordable homes.

### Agency Role

The Agency played the central role. The \_\_\_\_\_ Project is a classic example of successful redevelopment. All elements of blight were present: irregular, land-locked parcels without access; numerous property owners; development that lagged behind that of the surrounding municipal property; high development cost due to need for installation of street improvements, utilities, a storm drain system, and undergrounding of a flood control creek; and a low-income neighborhood in which property sale prices would not support high development costs. The Agency determined that the best development for the area would be single-family owner-occupied homes. The Agency bonded its tax increment to fund the off-site improvements. A tract map was completed providing for the installation of the street improvements, utilities, storm drainage, and the undergrounding of \_\_\_\_\_ Creek. These improvements cost the Agency approximately \$1.5 million. In lieu of using the eminent domain process, the Agency negotiated with 22 property owners to purchase portions of their property, allowing for access to the landlocked parcels. This helped foster trust and good will during the course of the negotiations. The Project got underway once sufficient property was purchased.

**NOTES:**

- Section 33413(b)(1), (2), and (4) require agencies to ensure that applicable percentages (30% or 15%) of all (market-rate and affordable) "new and substantially rehabilitated dwelling units" are made available at affordable housing cost within 10-year planning periods. Market-rate units: units not assisted with low-mod funds and jurisdiction does not control affordability restrictions. Affordable units: units generally restricted for the longest feasible time beyond the redevelopment plan's land use controls and jurisdiction controls affordability restrictions. Agency developed units: market-rate units can not exceed 70 percent and affordable units must be at least 30 percent; however, all units assisted with low-mod funds must be affordable. Nonagency developed (project area) units: market-rate units can not exceed 85 percent and affordable units must be at least 15 percent.*
- Production requirements may be met on a project-by-project basis or in aggregate within each 10-year planning period. The percentage of affordable units relative to total units required within each 10-year planning period may be calculated as follows:*

$$\text{AFFORDABLE units} = \frac{\text{Market-rate} \times (.30 \text{ or } .15)}{(.70 \text{ or } .85)} \quad \text{TOTAL units} = \frac{\text{Market-rate or Affordable}}{(.70 \text{ or } .85)} \quad (.30 \text{ or } .15)$$

## INDEPENDENT AUDITORS' REPORT

To the Honorable Chair and Members of the Governing Board  
Simi Valley Community Development Agency, California

We have audited the accompanying financial statements of the governmental activities and each major fund of the Simi Valley Community Development Agency (the Agency), a component unit of the City of Simi Valley, California, as of and for the year ended June 30, 2009, which collectively comprise the Agency's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Simi Valley Community Development Agency's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In accordance with *Government Auditing Standards*, issued by the Comptroller General of the United States, we have also issued our report dated December 1, 2009, on our consideration of the Simi Valley Community Development Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

In our opinion, the financial statements referred to above present fairly in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Simi Valley Community Development Agency as of June 30, 2009, and the respective changes in financial position and respective budgetary comparison for the General Fund, Community Development Agency Housing Administration Fund, and Merged Tapo Canyon and West End Tax Increment Fund thereof for the year, then ended in conformity with accounting principles generally accepted in the United States of America.

To the Honorable Chair and Members of the Governing Board  
Simi Valley Community Development Agency, California

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Agency's basic financial statements. The combining and individual non-major funds and fiduciary funds financial statements and schedules, and the computation of the low and moderate income housing funds excess/surplus are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Chair and Members of the Governing Board  
Simi Valley Community Development Agency, California

We have audited the financial statements of the governmental activities and each major fund of the Simi Valley Community Development Agency as of and for the year ended June 30, 2009, which collectively comprise the Simi Valley Community Development Agency's basic financial statements and have issued our report thereon dated December 1, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Simi Valley Community Development Agency's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Simi Valley Community Development Agency's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Agency's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Agency's financial statements that is more than inconsequential will not be prevented or detected by the Agency's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Agency's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

To the Honorable Chair and Members of the Governing Board  
Simi Valley Community Development Agency, California

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the financial statements of the Simi Valley Community Development Agency are free of material misstatements, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. Such provisions included those provisions of laws and regulations identified in the *Guidelines for Compliance Audits of California Redevelopment Agencies*, issued by the State Controller and as interpreted in the *Suggested Auditing Procedures for Accomplishing Compliance Audits of California Redevelopment Agencies*, issued by the Governmental Accounting and Auditing Committee of the California Society of Certified Public Accountants. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instance of noncompliance that is required to be reported under *Government Auditing Standards* issued by the Comptroller General of the United States and under the *Guidelines for Compliance Audits of California Redevelopment Agencies*, issued by the State Controller.

This report is intended for the information of the members of the Governing Board, management and the State Controller. However, this report is a matter of public record and its distribution is not limited.

**Simi Valley Community Development Agency**  
**Management's Discussion and Analysis**  
**(UNAUDITED)**

The management of the Simi Valley Community Development Agency (Agency) provides this narrative overview and analysis of the financial activities of the Simi Valley Community Development Agency for the fiscal year ending June 30, 2009. Please consider this information in conjunction with additional information that we have furnished in the transmittal memorandum.

**Financial Highlights**

- The liabilities of the Agency exceeded its assets at the close of the fiscal year by \$23,477 reducing the deficit net assets of the Agency by 99%.
- The Agency's restricted net assets increased by \$6,453,596, and total liabilities decreased by \$584,659 mostly due to the annual scheduled debt service principal payment.
- As of the close of the current fiscal year, the Agency's funds reported a combined ending fund balance of \$35,835,387, an increase of \$6,486,825, in comparison with the prior year. Approximately 45% of the ending fund balance amount, or \$15,958,599, is available for spending at the Agency's discretion (*unreserved fund balance*). However, 89% of this amount is designated for low- and moderate-income housing projects, and 11% is designated for other capital projects.

**Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the Agency's basic financial statements. The basic financial statements include three components:

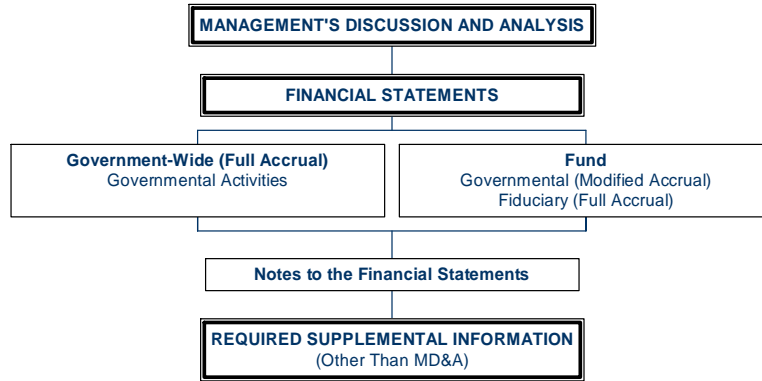

- 1) Government-wide financial statements,
- 2) Fund financial statements, and
- 3) Notes to the financial statements.

In addition, this report also contains supplementary information.

The following diagram displays the interrelationships of this report.

# SIMI VALLEY COMMUNITY DEVELOPMENT AGENCY MANAGEMENT DISCUSSION AND ANALYSIS

## Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the Agency's finances, in a manner similar to a private-sector business. The Agency has presented information from the prior year in this letter for comparative purposes.

The *statement of net assets* presents information on all of the Agency's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Agency is improving or deteriorating.

The *statement of activities* presents information showing how the Agency's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements present functions of the Agency that are principally supported by taxes and intergovernmental revenues (*governmental activities*). The governmental activities of the Agency include general government, planning, and public ways and facilities.

## Fund financial statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Agency uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the Agency are governmental funds.

**Governmental funds.** *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

## SIMI VALLEY COMMUNITY DEVELOPMENT AGENCY MANAGEMENT DISCUSSION AND ANALYSIS

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Agency maintains six individual governmental funds in its financial system and presents them as four major and two nonmajor separate governmental funds for this report. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the four major funds: the General fund, the Community Development Agency Housing Administration fund, the Merged Tapo Canyon and West End Tax Increment fund, and the 2003 Tax Allocation Refunding Bonds fund. Data from the other two governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* in the *Supplementary Information* section of this report.

The Agency adopts annual appropriated budgets for the General fund and all special revenue funds. Project-length budgets are adopted for the capital project fund. A budgetary comparison statement has been provided for the General fund and the major special revenue funds to demonstrate compliance with the budget. A budgetary comparison schedule is also provided for the budgeted nonmajor special revenue fund in the *Supplementary Information* section.

**Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. The Agency holds these funds in a custodial capacity. Fiduciary funds are not reflected in the government-wide financial statements because the resources of these funds are not available to support the Agency's programs. A combining statement of changes in assets and liabilities of fiduciary funds is provided in the *Supplementary Information* section of this report.

### **Notes to the financial statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

### **Other information**

The combining statements, referred to earlier in connection with nonmajor governmental funds, are presented immediately following the notes to the financial statements.

**SIMI VALLEY COMMUNITY DEVELOPMENT AGENCY  
MANAGEMENT DISCUSSION AND ANALYSIS**

**Government-wide Financial Analysis**

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the Agency, liabilities exceeded assets by \$23,477 at the close of the most recent fiscal year.

A significant portion of the City's net assets represents resources that are subject to external restrictions on how they may be used, such as low- and moderate-income housing and debt service payments.

An additional portion of the Agency's net assets reflects its investment in capital assets net of accumulated depreciation (land, buildings, machinery, and equipment). The Agency uses these assets to provide services to citizens; consequently, these assets are not available for future spending.

**Simi Valley Community Development Agency's Net Assets**

	Governmental Activities	
	FY 2008-09	FY 2007-08
Current and other assets	\$37,288,251	\$30,709,811
Capital assets	2,275,660	2,284,698
Total assets	39,563,911	32,994,509
Long-term liabilities outstanding	27,158,132	27,927,946
Other liabilities	12,429,256	12,244,101
Total liabilities	39,587,388	40,172,047
Net assets:		
Invested in capital assets	2,275,660	2,284,698
Restricted	36,554,490	30,100,894
Unrestricted	(38,853,627)	(39,563,130)
Total net assets	(\$23,477)	(\$7,177,538)

At the end of the current fiscal year, the Agency is able to report positive balances in all categories of net assets for the government as a whole, except for the unrestricted category, similar to the prior fiscal year. In accordance with generally accepted accounting principles, unrestricted net assets is the difference between total net assets, net assets invested in capital assets, and restricted net assets. The deficit in the unrestricted net assets category is primarily due to the net outstanding principal of the 2003 Tax Allocation Refunding Bonds, which are not directly related to either capital assets or restricted assets.

All revenue categories posted increases except for operating grants and contributions and interest on investments. During this fiscal year, tax increment revenues continued to increase, but at a slower rate, growing 6.5% (\$1.2 million) in FY 2007-08 and 5.8% (\$1.18 million) in FY 2008-09. Operating grants decreased by \$0.2 million. This decrease was due primarily to a decrease in loan repayments. Additionally, interest on investments decreased by \$0.1 million as a result of the current state of the economy.

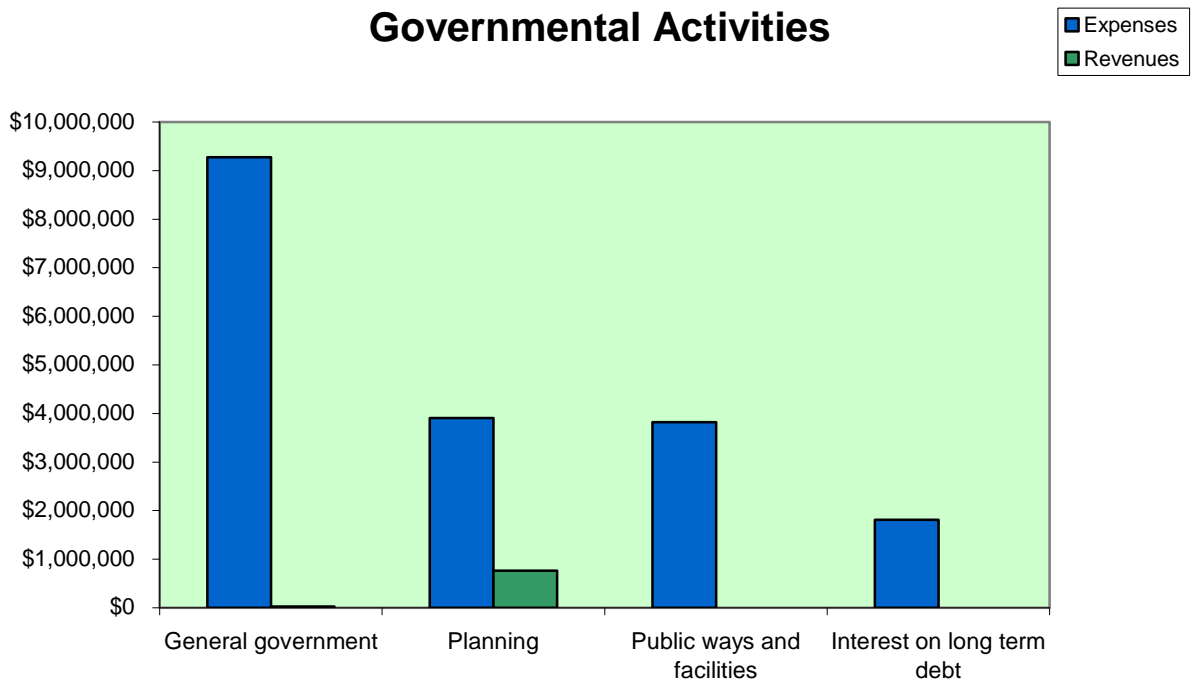

General government expenses increased by 20.4% (\$1.6 million) due to an increase in the pass-through amounts for public entities resulting from an increase in tax increment revenues. This increase is partially offset by a decrease in expenses for public ways and facilities of 17.0% (\$.8 million) as street projects for the current fiscal year had not incurred any costs yet by the end of the fiscal year.

MANAGEMENT DISCUSSION AND ANALYSIS**

**Financial Analysis of the Agency's Funds**

As noted earlier, the Agency uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds.** The focus of the Agency's *governmental* funds is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is necessary in assessing the Agency's financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of the Agency's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the Agency's funds experienced combined ending fund balances of \$35,835,387, an increase of over \$6.4 million over the prior year. Approximately 45% (\$16.0 million) constitutes *unreserved fund balance*, which is available to meet the Agency's current and future needs. A portion of the fund balance (\$19.9 million) is *reserved* to indicate that it is not available for new spending because it has already been committed for the following purposes: (1) to liquidate contracts and purchase orders of the prior period (\$144,800); (2) to pay debt service (\$3,549,700); and (3) for loans receivable and property held for resale (\$16,182,288).

The General fund is the chief operating fund of the Agency. It accounts for all financial resources of the Agency except those required to be accounted for in another fund. The net expenditures of the General fund are supported by tax increment revenues.

The net change in the fund balance of the Community Development Housing Administration fund was an increase of \$6,480,859. This increase primarily resulted from higher set-aside revenue transfers from tax increment funds, but primarily from recording housing loans made in prior years that had not been recorded because repayment was far in the future, or dependent on residual receipts.

There was no change in the fund balance of the Merged Tapo Canyon and West End Tax Increment fund from the prior year.

There was a slight increase in the fund balance for the 2003 Tax Allocation Refunding Bonds fund of \$15,293 due in part to a decrease in the interest component of scheduled debt service payments.

**General Fund Budgetary Highlights**

The difference between the General fund original expenditure budget and the final amended expenditure budget was a decrease of \$54,600 mostly due to a decrease in general government expenditures for administrative costs.

**SIMI VALLEY COMMUNITY DEVELOPMENT AGENCY  
MANAGEMENT DISCUSSION AND ANALYSIS**

Actual expenditures were .05% lower than the General fund final amended expenditure budget. The majority of these savings were achieved in training costs. These expenditures were frozen as a cost saving measure.

**Capital Asset and Debt Administration**

**Capital assets.** The Agency’s investment in capital assets for its governmental activities as of June 30, 2009, amounts to \$2,275,660 (net of accumulated depreciation). This is a decrease of \$9,038 as compared to prior year.

The investment in capital assets includes land, buildings, and furnishings and equipment.

Additional information on the Agency’s capital assets can be found in the Notes to the Basic Financial Statements, Note III C.

**Long-term debt.** At the end of the current fiscal year, the Agency had total bonded debt outstanding of \$27,775,878. This entire amount represents bonds secured solely by revenue bonds.

**Simi Valley Community Development Agency’s Outstanding Bonded Debt**

<b>Total</b>	<b>\$ 27,775,878</b>	<b>\$ 28,513,702</b>

The Agency’s bonded debt decreased by \$737,824 (2.6%) during the current fiscal year as a result of scheduled debt service payments.

**SIMI VALLEY COMMUNITY DEVELOPMENT AGENCY  
MANAGEMENT DISCUSSION AND ANALYSIS**

The Agency maintains an “A” rating from Standard & Poor’s and has no outstanding general obligation debt at this time.

Additional information on the Agency’s long-term debt can be found in the Notes to the Basic Financial Statements, Note III E.

**Economic Factors and Next Year’s Budgets and Rates**

- The Agency anticipates a slight decrease in tax increment revenues in fiscal year 2009-10 due to the national economic recession and slowdown of both the residential and commercial real estate markets. Tax increment revenue has been projected at \$20.8 million for fiscal year 2009-10.
- The Agency anticipates a continued slowdown in the development of affordable housing projects for fiscal year 2009-10. The downturn in the real estate market has delayed the commencement of some affordable projects; however the Agency continues to reappropriate \$11.5 million encumbered under approved affordable housing agreements in anticipation of future market stabilization; it is not expected that the majority of these funds will be expended during fiscal year 2009-10. The Agency intends to aggressively market its First Time Homebuyer Assistance Program. Fiscal year 2009-10 will be the first full year of operation of its newly created affordable unit-acquisition program that targets low-income households. In addition, fiscal year 2009-10 marks the first full year the Agency will provide mobile home loans through its Home Rehabilitation Assistance Program.

SIMI VALLEY COMMUNITY DEVELOPMENT AGENCY  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FISCAL YEAR ENDED JUNE 30, 2009

**I. Summary of significant accounting policies**

**A. Reporting entity**

The Simi Valley Community Development Agency (Agency) was established on September 10, 1974, for the purpose of facilitating certain types of development projects within the City of Simi Valley (City). The City Council serves as the governing body (Board of Directors) of the Agency and the Agency contracts with the City for all personnel and other support and administration services. The Agency is a blended component unit of government of the City as defined by the Governmental Accounting Standards Board (GASB) and, accordingly, the Agency's financial statements have also been included in the City's basic financial statements.

**B. Financial statements**

The basic financial statements of the Agency are comprised of:

- Government-wide financial statements,
- Fund financial statements,
- Budget-to-actual comparisons for the general fund and major special revenue funds, and
- Notes to the basic financial statements.

In addition, supplementary information is provided for:

- Nonmajor governmental funds,
- Budget-to-actual comparisons for nonmajor special revenue funds,
- Fiduciary funds, and
- Computation of low/moderate income housing fund's excess surplus.

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities* normally are supported by taxes.

The statement of net assets, statement of activities and a management's discussion and analysis section provides an analysis of the Agency's overall financial position and changes in financial position.

Net assets are classified into three components: invested in capital assets, net of related debt; restricted; and unrestricted. These classifications are defined as follows:

- Invested in capital assets, net of related debt - This component of net assets consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. The Agency has no debt related to its capital assets as of June 30, 2009.

SIMI VALLEY COMMUNITY DEVELOPMENT AGENCY  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FISCAL YEAR ENDED JUNE 30, 2009

- Restricted - This component of net assets consists of constraints placed on net asset use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted net assets - This component of net assets consists of net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt”.

When both restricted and unrestricted resources are combined in a fund, expenses are considered to be paid first from restricted resources, and then from unrestricted resources.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Fund financial statements for the Agency’s governmental funds are presented after the government-wide financial statements. These statements display information about major funds individually and nonmajor funds in the aggregate.

Financial reporting is based upon all Governmental Accounting Standards Board (GASB) pronouncements.

### **C. Measurement focus, basis of accounting, and financial statement presentation**

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the fiduciary fund financial statements, with the exception of agency funds, which use the accrual basis of accounting but cannot be said to have a measurement focus. Under the economic resources measurement focus, all (both current and long-term) economic resources and obligations of the Agency are reported. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants

SIMI VALLEY COMMUNITY DEVELOPMENT AGENCY  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FISCAL YEAR ENDED JUNE 30, 2009

and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Under the current financial resources measurement focus, only current assets and current liabilities are generally included on their balance sheets. Their reported fund balances (net current assets) are considered a measure of “available spendable resources”. Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of available spendable resources during a period. Under the modified accrual basis of accounting, revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Agency considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due.

Property taxes, service charges, rents, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Agency.

The underlying accounting system of the Agency is based on funds. A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts. The Agency reports the following major governmental funds:

**General fund:**

The *General* fund is the Agency’s primary operating fund. It accounts for all financial resources of the Agency except those required to be accounted for in another fund.

**Special revenue funds:**

*Community Development Agency Housing Administration* fund accounts for housing set-aside funds used to reimburse the costs associated with the processing of affordable housing agreements, as well as any general plan amendments for affordable housing projects.

*Merged Tapo Canyon and West End Tax Increment* fund accounts for tax increment revenues restricted by the Health and Safety Code for debt service requirements.

**Debt service fund:**

*2003 Tax Allocation Refunding Bonds* fund was established to account for the debt service transactions related to this issuance.

SIMI VALLEY COMMUNITY DEVELOPMENT AGENCY  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FISCAL YEAR ENDED JUNE 30, 2009

Additionally, the Agency reports the following fund types:

**Fiduciary funds:**

*Agency funds* account for assets held by the Agency in a trustee capacity, or as an agent for individuals, private organizations, or other governments.

*Tax Increment Pass-Through funds* are utilized to accumulate tax increment revenues on behalf of taxing entities in the Agency's project areas until they are remitted to these agencies.

**D. Assets, liabilities, and net assets or equity**

*1. Deposits and investments*

The Agency's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. They are held and managed by the City and outside fiscal agents.

State statutes and City Investment Policy authorize the Agency to invest in obligations of the U.S. Treasury, the State and local agencies, Federal Agency Securities and the State Treasurer's Investment Pool.

Investments are reported at fair value. The State Treasurer's Investment Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

*2. Receivables and payables*

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Receivables are shown net of an allowance for uncollectibles.

*3. Property taxes*

Property taxes in California are levied in accordance with Article 13A of the State Constitution and statutory provisions by the County Assessor for the secured and unsecured tax rolls, and State Board of Equalization for the utility property tax rolls. The tax levy to support general

operations is limited to one percent of full value at time of purchase with subsequent annual increases up to two percent. Increase to full value is allowed for property improvements or upon change in ownership. Amounts required to finance voter-approved debt are excluded from this limitation and are calculated and levied each fiscal year. Property taxes are levied on both real and personal property. Secured property taxes are levied July 1, payable in two equal installments: the first is due November 1 and delinquent with penalties after December 10; the second is due on February 1 and delinquent with penalties after April 10. Unsecured property taxes become delinquent with penalties after August 31. Secured property taxes become a lien on the property on January 1.

The County of Ventura bills and collects the property taxes and remits them to the City throughout the year. Property tax revenue is recognized in the fiscal year for which taxes have been levied, provided the revenue is collected in the current period, or within 60 days thereafter.

Taxes levied for all property within the Community Development Agency project areas is remitted to the Agency. The amount of tax, computed by applying the current tax rate to the assessed valuation prior to the adoption of the redevelopment plan, is paid to the various taxing agencies. The excess tax received is deposited in the Agency funds. In accordance with the Health and Safety Code, 20% of gross tax increment revenues are set-aside in the Community Development Agency Housing Administration fund, to be used for replacement or improvement of low-income housing.

*4. Restricted assets*

Cash held by the bond trustee in the Debt Service fund is classified as restricted assets on the statement of net assets to be used for the payment of principal and interest on the bond issuance.

*5. Capital assets*

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items) are reported in the government-wide financial statements. Capital assets are defined by the Agency as assets with an initial, individual cost of more than \$5,000 (the infrastructure limit is \$25,000) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

SIMI VALLEY COMMUNITY DEVELOPMENT AGENCY  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FISCAL YEAR ENDED JUNE 30, 2009

Property, plant, and equipment is depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	50
Building improvements	25
Vehicles	4-7
Machinery and equipment	3-10
Intangibles	15

*6. Compensated absences*

Vacation and sick leave benefits are consolidated into an annual leave benefit program. It is the Agency's policy to permit employees to accumulate earned but unused annual leave. All annual leave is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

*7. Long-term obligations*

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt. The deferred gain or loss on a refunding is netted with the debt and amortized over the shorter of the remaining life of the refunded debt or the new debt using the straight-line method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

*8. Fund equity*

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

SIMI VALLEY COMMUNITY DEVELOPMENT AGENCY  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FISCAL YEAR ENDED JUNE 30, 2009

9. *Estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from the estimates.

**II. Stewardship, compliance, and accountability**

**A. Budgetary information**

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund and all special revenue funds. Project-length budgets are adopted for the capital project funds. Debt service funds are not budgeted. All appropriations lapse at fiscal year end.

The appropriated budget is prepared by fund, function and department. The Executive Director may make transfers of appropriations that do not have a significant policy impact or affect budgeted year-end fund balances. The Board of Directors may amend the budget at any time during the year. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the fund level for all funds.

Encumbrance accounting is employed in the governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

**B. Excess of expenditures over appropriations**

For fiscal year ended June 30, 2009, expenditures exceeded appropriations in the Merged Tapo Canyon and West End Tax Increment (major) and the Madera Royal Tax Increment (nonmajor) special revenue funds by \$1,969,578 and \$29,209, respectively. The over-expenditures in the Merged Tapo Canyon and West End Tax Increment fund were financed primarily by higher than budgeted revenues. The over-expenditures in the Madera Royal Tax Increment fund will be financed by next year's tax increment revenue.

**C. Deficit fund equity**

There were no major or nonmajor funds with a deficit fund balance for the fiscal year ended June 30, 2009.

SIMI VALLEY COMMUNITY DEVELOPMENT AGENCY  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
 FISCAL YEAR ENDED JUNE 30, 2009

**III. Detailed notes on all funds**

**A. Cash and investments**

The Agency's funds are pooled with the City of Simi Valley's cash and investments in order to generate optimum interest income. The interest earned on these investments is allocated to participating funds based on their average cash balances. The carrying amounts of cash and investments have been increased by \$105,840 in order to reflect the fair value at June 30, 2009.

**Cash and investments at June 30, 2009 are classified as follows:**

Statement of net assets:	
Cash and investments	\$ 17,949,600

GASB Statement No. 40 establishes and modifies disclosure requirements related to deposit and investment risks. The information required by GASB Statement No. 40 related to authorized investments, credit risk, etc. is available in the annual report for the City.

**B. Loans receivable**

The Agency provides amortizable and deferred payment home rehabilitation loans, first time homebuyer and affordable housing loans to qualifying low-income households under programs accounted for in the Special Revenue funds. Agency-funded loans receivable is offset by a reservation of fund balance. The repayment of these loans is dependent on future events like the sale of property, amounts available from residual receipts, etc.

The composition of interfund transfers for the year ended June 30, 2009 is as follows:

<u>Transfers From</u>	<u>Transfers To</u>	<u>Amount</u>	<u>Purpose</u>

Total		<u><u>\$ 8,380,777</u></u>	

**E. Long-term debt**

The Agency, a blended component unit of the City, issues tax allocation bonds on behalf of the City. At year-end, outstanding long-term bonded debt was comprised of the following:

- Community Development Agency 2003 Tax Allocation Bonds: Original issue amount \$31,795,000; interest rates at 2.0% to 5.0%; maturing September 1, 2003-2030. The bonds are payable in annual installments ranging from \$360,000 to \$2,000,000. These bonds were issued to fully refund the 1993 Revenue Bond issue with a carrying amount of \$30,245,000. They were issued at a premium, which has been added to the new debt and is being amortized over the life of the bonds. The excess reacquisition price has been netted against the new debt and is being amortized over the remaining life of the refunded debt. Issuance costs are shown as deferred charges and are being amortized over the life of the bonds. The 2003 Tax Allocation Bonds are secured by a lien on tax increment revenues net of low- and moderate-income housing set-asides and tax sharing agreements. The tax increment revenues are projected to produce at least 125 percent of the debt service requirements over the life of the bonds. Total interest and principal remaining on the bonds is \$45,649,066 payable through September 2030. For the current fiscal year, principal and interest paid and total tax increment revenues, net of pass-throughs and set-asides was \$2,085,969 and \$9,888,871, respectively.

Other long-term debt of the Agency is comprised of:

- Advances from the City of Simi Valley to the Merged Tapo Canyon and West End Tax Increment fund (major) and the Madera Royal Tax Increment fund (nonmajor) of \$10,459,537 at fiscal year end. These advances are to fund various CDA projects and will be repaid from available tax increment revenues.

SIMI VALLEY COMMUNITY DEVELOPMENT AGENCY  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FISCAL YEAR ENDED JUNE 30, 2009

- Compensated absences liability of \$180,282 at fiscal year end. This liability consists of accumulated earned but unused annual leave of employees charged to the General fund and certain Special Revenue funds. The liability is liquidated from the funds to which an employee is charged.

**Annual debt service requirements to maturity**

SIMI VALLEY COMMUNITY DEVELOPMENT AGENCY  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FISCAL YEAR ENDED JUNE 30, 2009

Per the repayment agreements between the Agency and the City, interest is calculated based on the weighted average rate of return on investments held in the City's portfolio during the fiscal year, and, principal is to be repaid within one year. However, the City has historically requested principal payments from available resources during the fiscal year. Such resources may not be sufficient to pay the entire principal during fiscal year 2009-10.

**F. Fund balance reserves and designations**

The following is a summary of reserved and unreserved fund balances. Reserved fund balances are not available for spending for the subsequent year's budget. The unreserved fund balances are further categorized into designated and undesignated. Designated fund balances represent amounts set aside for management's intended future use of resources. Undesignated fund balance amounts are available for current spending.

**IV. Other information**

**A. Arbitrage rebate liability**

The Agency is required to rebate to the federal government the excess investment earnings on bond proceeds if the yield on those earnings exceeds the effective yield on the related bonds issued. Rebates are payable every five years or upon the maturity of the bonds, whichever is earlier. At June 30, 2009, no such amounts were due.

SIMI VALLEY COMMUNITY DEVELOPMENT AGENCY  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FISCAL YEAR ENDED JUNE 30, 2009

**B. Risk management**

The Agency is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Agency participates in the City's two Internal Service Funds, General Liability and Workers' Compensation, to account for and finance its uninsured risks of loss.

Under this program, the City is self-insured for up to \$1 million for each general liability claim and up to \$500,000 for each workers' compensation claim. The City purchases commercial insurance for property loss, as well as for claims in excess of the preceding coverage amounts.

The Agency makes payments to the City based on actuarial estimates of the amounts needed to pay prior and current-year claims and legal expenses.

Liabilities are estimated when a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities also include an amount for claims that have been incurred, but not reported as of the end of the year.

**C. Other post employment benefits**

The Agency, as a blended component unit of the City, provides post-retirement health benefits to all Management employees per resolution number 2008-39. The benefits vary depending upon a retiree's years of service. The Agency pays 100 percent of premiums for health care coverage. Additionally, the Agency provides health benefits to General Unit employees under a defined contribution plan, per resolution numbers 2002-55 and 2006-38. The Agency finances the plans on a pay-as-you-go basis.

**D. Deferred compensation plans**

The Agency, as a blended component unit of the City, offers its employees deferred compensation plans in accordance with Internal Revenue Code Sections 401(k) and 457 (as amended on August 20, 1996 per additional subsection (g)). The plans permit participants to defer a portion of their current salary until future years. The deferred compensation is not available to the employees until termination, retirement, death, or the occurrence of an unforeseeable emergency. Since the City and the Agency neither own the funds nor have any administrative involvement and do not perform the investing function for these plans, the assets and related liabilities are not recorded in the City's nor the Agency's financial statements.

**E. Pension plans**

The Agency, as a blended component unit of the City, participates in the statewide California Public Employees' Retirement System (CalPERS) that covers all employees, and the Public Agency Retirement System (PARS) for executive management employees.

SIMI VALLEY COMMUNITY DEVELOPMENT AGENCY  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FISCAL YEAR ENDED JUNE 30, 2009

**California Public Employees' Retirement System**

Plan Description - The City contributes to the CalPERS, an agent multiple-employer public employee defined benefit pension plan. CalPERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. CalPERS acts as a common investment and administrative agent for participating public entities within the State of California. Benefit provisions and all other requirements are established by State statute and City ordinance. Copies of CalPERS' annual financial report may be obtained from their executive office located at Lincoln Plaza, 400 Q Street, Sacramento, CA 95811.

Funding Policy - Participants are required to contribute 7% of their annual covered salary. The Agency makes the contributions required of employees on their behalf and for their account. The Agency is required to contribute at an actuarially determined rate: the rate is 12.238% for non-safety employees and 23.166% for police employees of annual covered payroll for the year ended June 30, 2009. The contribution requirements of plan members and the Agency are established and may be amended by CalPERS.

**Public Agency Retirement System, Retirement Enhancement Plan (PARS-REP)**

Plan Description - The City established a Public Agency Retirement System, Retirement Enhancement Plan (PARS-REP) for executive management employees, effective July 1, 2001. PARS is a defined benefit 401(a) tax-qualified multiple agency trust. It meets the requirements of a pension trust under California Government code. The plan provides supplemental retirement benefits in addition to CalPERS. Phase II Systems is the PARS Trust Administrator. Upon meeting the eligibility requirements, plan members receive a monthly lifetime benefit of one-twelfth the sum of: 0.004 times their final average compensation multiplied by their years of City service prior to July 1, 2001, and .005 times their final average compensation multiplied by their years of City service after June 30, 2001. The City has full discretionary authority to control, amend, modify or terminate this plan at any time.

Funding Policy - The City contributes 5.77% of eligible employee gross wages.

FISCAL YEAR ENDED JUNE 30, 2009

**F. Pass-through payments**

The Agency had several pass-through agreements with other agencies for the allocation of tax increment revenues. The amount recorded as intergovernmental payables in the agency funds is the balance remaining to be paid at year-end. For fiscal year ended June 30, 2009, a total of \$7,198,991 was recorded as intergovernmental expenditures as follows:

County of Ventura	\$ 4,959,445
Simi Valley Unified School District	1,111,623
Rancho Simi Recreation & Park District	706,317
Ventura County Community College District	310,306
County Schools	68,502
City of Simi Valley	27,692
Public Cemetery	8,727
Lighting Maintenance District	4,921
Calleguas	1,458
Total	\$ 7,198,991

**G. Prior period adjustment**

The Agency accounts for affordable housing loans provided to low-income families in a Special Revenue fund. These loans are Agency funded. In prior years not all such loans were recorded if the probability of repayment was unknown. Generally accepted accounting principles (GAAP) require that all Agency funded loans be recorded and offset by a reservation of fund balance. Accordingly, the Agency has restated the beginning net asset balances and the beginning governmental fund balances by \$3,667,700 to reflect the retroactive adjustment.

	<u>Net Assets - Beginning Balance</u>	<u>Adjustment</u>	<u>Net Assets - Beginning Balance as Restated</u>
Government-wide	\$ (7,177,538) \$	3,667,700	\$ (3,509,838)

**H. Subsequent events**

**SERAF Tax Increment Revenue Shift for fiscal year 2009-2010 and 2010-2011**

On July 23, 2009, the California Legislature passed SB 26, requiring a shift in tax increment revenues during fiscal years 2009-2010 and 2010-2011 to be deposited into the county "Supplemental" Educational Revenue Augmentation Fund (SERAF) and which is to be distributed to meet the State's Prop 98 obligations to schools. It is estimated that the Agency's share of the SERAF shift for fiscal year 2009-2010 and 2010-2011 will amount to approximately \$6,260,850 and \$1,288,999, respectively. In October 2009, the California Redevelopment Association and its member agencies filed a legal action in an attempt to stop these amounts from having to be paid. As of the date of this report, no legal determination has been made by the courts on that action.
