

Suicide prevention week:

Raising awareness and promoting prevention
for young adults and their families

Presented by Simi Valley Public Library with guests from
the Trevor Project, safeTALK, Casa Pacifica and more!

Suicide is a far too prevalent problem in the United States. Asking and accepting help is brave, as is reaching out to those in need. Please come join us at the library where we'll have a panel of speakers leading a conversation on warning signs, prevention and where to turn to in order to receive help or to help those in need.
